Design Radiators by ISAN

Axis

The Axis is an electric radiator designed for modern bathrooms. It features an elegant, minimalist construction consisting of a single, slender round profile, complemented by three functional hooks for drying or warming towels or bathrobes. Temperature control is built directly into the radiator body, ensuring simple and intuitive operation.

Code	Depth (B)	Weight	Water capacity	Temperature exponent	Output 75/65/20°C	Power input	Connection span (Z)	Electric white matt / black matt
Height (H) / Length (L) [mm]	[mm]	[kg]	[l]	[-]	[W]	[W]	[mm]	
DAXI 1180 0160 TK05	72	1,5	-	-	-	37	-	✓
DAXI 1180 0160 TK51	72	1,5	-	-	-	37	-	✓

For ordering procedure see page 162 / The weight of radiators does not include water and packaging / Available only in matte white [05] and matte black [51]

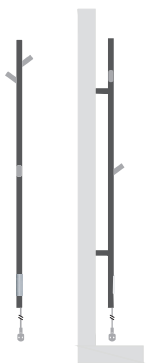

Technical information

Material	steel profile Ø25 mm
Operating voltage	230 V AC, 50/60 Hz
Max. operating temperature	60 °C
Degree of protection	IPX4
Degree of protection	I
Control / Regulation	touchscreen display
Timer	1 to 8 h
Temperature setting	40 to 60 °C
Connection	via a 120 cm straight cord, terminated with a male plug
Number of pipes	3

Modification options

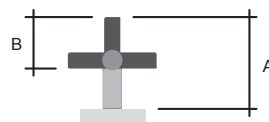

Surface treatment	colour (white matt / black matt)
Height range [mm]	NO
Length range [mm]	NO
Electric version	STANDARD
Horizontal design	NO

Type height (H) / length (L) [mm]

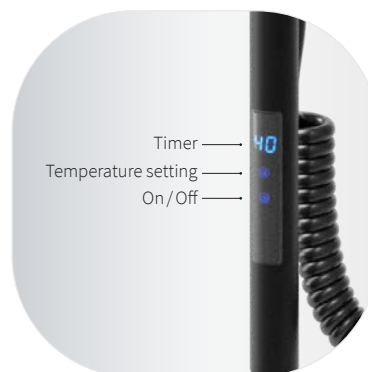

H 1180
L 0160

Mounting

Type A [mm]
Metal brackets 129

Connection options

Touchscreen display
